What is this: AGO's Final Credit Card Policy is hereby issued as NAHB (NOAA Acquisition Hand Book) Chapter 1313 This replaces in its entirety the previous NAHB chapter 1.9.

Why is it being sent: To inform the acquisition community that this chapter of the NAHB has been renumbered and reissued to incorporate the current Credit Card Policy. The renumbering is being introduced to bring it in line with FAR notations.

Who needs to see it: Credit Card users and approving officials. Minor edits have occured from the previous emailed version of this new policy.

This new NAHB chapter will be posted to the AGO web site in the near future.
